HISTORICAL NOTE

The Pennsylvania Conference of Congregational and Christian Churches, Northeast Pennsylvania, was founded in 1931 as the Association of The Congregational and Christian Churches of Northeastern Pennsylvania. It was created from two earlier organizations, the Welsh Association and the Wyoming Valley Association. In the 1960s the Association became inactive and eventually joined the Penn Northeast Conference of the UCC.

The records were donated to the Congregational Library in September 1991 by former Treasurer, John King. Additional material was added in July 1992.

SCOPE AND CONTENT NOTE

The records of the Pennsylvania Conference consist of legal, administrative and financial records collected by the former Treasurer, John H. King. They span the years 1925 to 1991, with significant gaps. Of particular note are the minutes, which include discussions and resolutions in 1962-63 concerning the Association's relationship to the UCC, one that appears to have been less than amicable.
